- cast aluminum body is a great conductor of temperature allowing foods to maintain proper serving temperatures for extended periods of time
- can be placed in freezer, refrigerator or warming oven prior to service (not suitable for food preparation or food storage)
- can be placed directly on ice, on cold tables and deli cases
- heat lamps can be used
- commercial dishwasher safe and resistant to scratching, chipping, peeling and tarnishing

Bugambilia offers two different standard size tiles (A and B) with 23 different configurations, which will fit the majority of manufactured wells. The insert pieces shown with the tiles may be similar to our standard pieces, but have been engineered specifically to fit the tiles as shown.

Please note that there are many different well manufacturers offering a variety of well dimensions. Certain wells might require custom made tiles which are available upon request. Should assistance be required to determine which standard size or custom tiles are best suited, please contact our design department at 1-866-8-Buffer or design@bugambilia.com.

All tiles are available in any of our Classic Collection colors as well as in Stainless Steel.

Please make sure that all measurements are accurate as both Standard and Custom tiles are not returnable.
